

PREPARE FOR THE COLLEGE FAIR!

BRING YOUR QUESTIONS!

We are celebrating 29 years of helping students connect to so many amazing options after high school. Join us for another year of Montana College Fairs!

HOW TO MAKE THE MOST OF YOUR COLLEGE FAIR

College Fairs can be overwhelming...a lot of noise, people clustering around tables, filling out cards, leafing through brochures, and competing for the attention of admission representatives. It's easy to get caught up in the crowds, fun, and confusion. It's also just as easy to stop at every booth that catches your eye or seems popular. When that happens, you end up with a lot of pretty brochures, but not a good idea of which colleges you may be interested in. It pays to be prepared before the college fair!

COLLEGE FAIR DON'TS

- ⌞ > Don't waste your time today! Remember when you are interviewing the colleges for the right fit, they are also interviewing you and taking notes for admission / scholarship potential. Use this time wisely to impress!
- ⌞ > Don't be rude to the colleges! You represent Montana, your school, and yourself. These colleges will remember you, and it may mean an extra scholarship if you take this seriously and are respectful, polite, and well-mannered!
- ⌞ > Don't go to the fair without a plan and some idea of the types of colleges that will be at the fair.
- ⌞ > Don't collect every brochure available at the fair; but instead, be selective in what you choose based on what you will actually use and look at later.
- ⌞ > Don't just follow your friends around to the tables they want to visit. Be adventurous! Have fun!
- ⌞ > Don't sit outside the fair unless you have seen everything you need to see.
- ⌞ > Don't just let the brochures and info pile upon the floor of your bedroom.
