Where can we find updates throughout the summer and early fall about these events and any changes?

We will keep in contact over the summer and early fall with final details. With any major changes and updates we will also email all counselors directly to the email that we have on file in the Montana Counselor Directory. Please make sure to check your email listing in the directory to make sure it is accurate and that the email Amy.Leary@MontanaColleges.com is saved from your spam filters. Please feel free to contact us any time throughout the summer and early fall, as we will be available in any way we can help. Amy.Leary@MontanaColleges.com or 406.351.3531. Thank you!

Are students required to register online before the fall fair?

We do ask all students to register online before the fair! This helps students and the exhibitors in information exchange. It also saves students a ton of time from having to fill out contact cards all by hand. Students who insist on not registering are welcome to attend, but they will need to fill out information all by hand. We are excited to be teaming with the StriveScan Technology Company once again for this easy online registration! Registration will be live later this spring @ www.MontanaColleges.com.

Will you be sending fair registration cards in the fall?

Yes! We are asking how many registration cards you would like for your school, and we will have those mailed to you early in the fall to share with your students.

What's new with the Montana College & Career Fairs?

We are excited to share that we are working hard to add into these fairs even more College & Career exploration options at the fair! It takes all of us coming together to make these events happen each year!

Yes! We will have an updated online version of the Guidebook in September, and then a full printed version of the Guidebook will be shared at the fall Counselor Update. This book is free to all counselors and schools and is a great annual resources for you and students!
